

CRHS SENIORS (and Parents of Seniors)!

The counseling office has already processed over 200 college applications for the Class of 2010.

NOW is the time to complete the CRHS student profile and your college applications.

A power point overview of the college application process is available on the CRHS web page under the counselor's tab. The counselor "checklist", student profile and transcript forms are also available. The handout called "*I'm a Senior. What do I do next?*" is a great place to start.

The counseling office has numerous college and career planning books and pamphlets to assist you in picking a major and choosing a college(s).

Due to overwhelming demand, the counselors require 15 business days to complete your requests, not including holidays.
