

**6th Grade
International Festival
Friday, March 26th**

What is the International Festival?
An event you won't want to miss! The sixth grade students have a wonderful opportunity to travel the world! We will be holding our annual International Festival to enhance our social studies curriculum.

On this day, the students will "Go Global" and visit booths representing many cultures from around the world. In addition, we will feature stage exhibitions of dance, art and culture.

Join us and be a representative for your culture or another one that you love!

If you are interested in working, contributing artifacts, or have questions please contact:
