

The
Accelerated Reader
program is a reading
incentive program
designed to promote
reading at home and in
the classroom!

Students may test in the library each morning (passes available in the gym), or during the day with the teacher's permission.

For an updated list of the AR quizzes owned by Kilpatrick Elementary, please visit our school's website at:

<http://kisdwebs.katyisd.org/campuses/OKE/Library/Pages/AcceleratedReader.aspx>

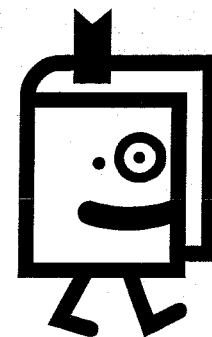

Here you can search for books by title, author, or reading level!

What is AR?

Over 10,000 books in our school's Library Media Center are marked with an AR spine label to indicate that the book is included in our school's AR program. Your child's teacher will guide your child in selecting book titles that are appropriate for your child's ability.

After reading the book, your child will go to a school or library computer to take a multiple-choice comprehension quiz based on the book's content. Quizzes may have 5, 10, or 20 questions, depending on the length and difficulty of the book.

The computer scores the test, awards your child points based on his/her success, and records this information. For a book valued at 10 AR points, a student would receive 10 points for answering all of the questions correctly, 9 points for answering 90% of the questions correctly, etc. However, if a student scores below 60%, he/she will not receive any points for the test.

Points

Your child will receive points for successfully completing AR Quizzes for each title he/she reads.

At the end of each week, these scores are sent to your child's teacher. If your child has progressed to a new level, his/her name will be announced on the morning announcements the following week.

With these points, your child can earn AR tags and special time with our school's principal and assistant principals!

Feedback

You will receive a report of all of the AR Quizzes your child has taken during each six-week grading period. The report will include the title of each book read, the date the quiz was taken, as well as the score your child earned on each quiz. Please note that our computer program allows a child to test on a book only once during his/her years at Kilpatrick. This Point Record will be included with your child's report card.

Accelerated Reader Quizzes are not usually considered when calculating your child's reading grade. However, your child's teacher may take a grade on an AR quiz if the book was covered in class; if a grade is taken on an AR quiz, your child will be permitted to use the book to find the correct answers during the quiz process.
