

## **Are you volunteering today?**

That's a question all visitors will hear every time they enter the building this year. Why? Because the days of counting our *on-campus, school day* volunteer hours by notebook are long gone! Katy ISD has launched a new initiative that tallies *on-campus* volunteer hours through our Raptor system. Off-campus, after-hours time will still be collected by our campus Volunteer Coordinator, as in the past.

So, when you visit campus to volunteer, be it for the workroom, library, volunteer meetings, class parties, attendance office, hospitality, Junior Achievement, KEYS mentoring, or any other volunteer function, your time in the building will be automatically tallied. All you have to do is answer "Yes!" with a smile.
